

Our daughter, Caroline, attended Our Lady of Grace from kindergarten through 8th grade and is now in 11th grade at Bishop McGuinness. Caroline is excited about her future and we have both schools to thank for that. She has been challenged academically and has developed friendships that will last a lifetime. She has been nurtured spiritually and greatly admires and respects the teachers that have guided her thus far.

The Scherzer Family
Caroline, OLG Class of 2012

In addition to wanting a Catholic spiritual environment for our children, we wanted a school that prepared our children academically for high school. Through word of mouth, class rankings etc., we found that the top performers at Bishop McGuinness and throughout Greensboro were OLG alumni. My child has been very successful at Bishop McGuinness due to the preparation he received at OLG.

Our tour at OLG solidified our enrollment because it was the longest. Yes, it took forever to go from room to room, from hallway to hallway, because the teacher giving our tour was greeted by student after student with sincere and genuine excitement. Everyone wanted to say "Hi" and she knew all their names. Love was all around. Now 10 years later, we continue to feel that same love from our teachers and fellow OLG families.

The Markun Family
David, OLG Class of 2011
Jack, OLG Class of 2014
Thomas, OLG middle school
Emma, future OLG preschooler

We looked at many schools for our sons when we moved to Greensboro and chose OLG for its strong academic reputation and faith-filled teaching environment. Our thirteen year experience has and continues to exceed our expectations. Our oldest son and classmates were well prepared to make an easy transition for a rigorous high school curriculum. Our youngest son will take that step next year with the same confidence. The love and support of the OLG community towards each other is something very special. The administration, teachers and parents are all involved to make OLG the best learning environment possible.
