## **PRINCIPAL'S CORNER**

**Dear HNM Community,**

**These are a few of the newest updates to the LA County Department of Health Guidelines:**

- Travel out of state continues to necessitate a 10-day quarantine upon return, (even if you have been fully vaccinated).
- There is talk of a three-foot distancing in classrooms, but that is being researched and has not been accepted by the DPH.
- If you have been exposed to someone with COVID-19, you do not need to quarantine if you are two weeks outside of your second vaccination shot.

**Los Angeles County could be in the orange tier after spring break. This will only happen if we all do our part. Please follow the guidelines so that we can stay in school. These guidelines are not saying you can't travel; they are only asking you to quarantine upon return.**

**Welcome back to the 7th and 8th grade class!!  
We look forward to seeing you all on Monday.**

**Gratefully,**

**Debbie Marquez**

## REFLECTING SUNDAY'S GOSPEL MESSAGE

### Fifth Sunday of Lent John 12:20-33

#### Reflecting on the Word

In the parable of the grain of wheat, Jesus predicts his own death and Resurrection. The life of the wheat begins with the death of its seed. New wheat soon flourishes, and with the appropriate care and attention, it will bear much fruit. Jesus will die on the cross but will soon rise again to a new life, and remove whatever prevents us from flourishing in God's love and living a Christ-centered life.

### .....ON THE WAY TO MASS

How do seeds grow? What is necessary for the plant to thrive?

### ON THE WAY HOME FROM MASS.....

How can we nourish our hearts and minds to grow?

#### Living the Word

Observe the lifecycle of seeds with your children by growing some grass at home. Fill small pots (or paper cups) with planting soil, and add grass seeds. Place your pots in an area where sun shines. Give your children the responsibility of watering the plants on a regular basis. Observe the plants daily and discuss how they are growing. (You might want your children to keep a daily record of their observations.) What do the plants need to grow? What do we need to grow in faith?
