

TESTIMONIALS

Here's why Schools love us...

“ The school's previous web solution was cumbersome, complex and therefore not used. We switched to SchoolSpeak because we wanted a solution that was simple--and, well, worked! SchoolSpeak provided me with a password protected web solution that was up and running in less than 3 days. Teachers were trained in 45 minutes to be able to use the application. And SchoolSpeak customizes the solution to fit the school's need—we didn't have to meet their requirements they met ours.

KENNETH WILLERS

Principal, School of the Madeleine

“ SchoolSpeak has been instrumental in helping us communicate with our parents. It lets us publish all important information: Thursday blasts, calendars, grades, class and school emails, homework, and much more. It has allowed us to go green by posting forms on line instead of printing out copies and sending them home. Given my 31 years in education, I HIGHLY recommend SchoolSpeak!

ELLEN MAGUIRE

Vice Principal, Carden Academy

“ We have used SchoolSpeak for three years and it has been a great time saver for our office staff. Instead of distributing paper newsletters by hand or by mail we now drop our newsletter onto the portal and we are done. As an administrator I really like the gradebook and report card options. I am able to check on students' past report cards, current grades and attendance in a matter of seconds.

BONNIE MASSMANN

Principal, Holy Family School

“ Parents love being able to have immediate access to all their children's current information. Parents no longer have to take their children's word whether they have homework assigned or how they are doing in a class. All the information is available at a central site 24/7. Teachers love being able to enter grades and communicate with their students and parents from any remote location.

LESLIE EDWARDS

Technology Coordinator, St. Joseph School

“ As a school secretary, I am expected to come up with accurate records from class lists, attendance, health information, student labels, census figures etc. as if it was needed yesterday. SchoolSpeak makes me look good, by having the ability to up-date my data easily, generate reports at every teacher's whim, and enables me to be the organized go-to-person a successful school secretary has to be! (and I get to take all the credit....thank you SchoolSpeak)

DORIS SALMI

Secretary, St. Patrick School

TESTIMONIALS

“ One aspect we liked the best about SchoolSpeak is the ability to customize the pages to fit the needs of our community. Through the group management system I was able to give the various groups permission to do their own work, train some key parent volunteers and they too were excited and began creating their own content. Quick and the willingness to work on the specific needs that arise during the year is just another reason we have gone back to SchoolSpeak year after year. ”

 **JOYCE BILLINGS**

Tech Coordinator, St. Lucy School

“ Everyone absolutely loves our SchoolSpeak portal. It's a central location for immediate access to the student information that is important to a student, their parent(s) and the teachers. Our Principal is continually uploading the information she wants the school community to know about. It is so easy for the parent(s) to get online while they are at work and see what their kids are up to. Our SchoolSpeak portal continues to be a tremendous help to our School Community. ”

 **SHIRLEY WILCOX**

Office Manager, Our Lady of Refuge School

“ The best thing about SchoolSpeak is their dedication to their product. They are constantly working to add new features and anytime my school has some sort of special request they always come through. Whenever I have a question they answer it immediately. I recommend SchoolSpeak wholeheartedly. ”

 **ERIC ARMANN**

Teacher & Technology, St. Christopher School

“ SchoolSpeak has been a wonderful addition to our school. Our parents love that they can access information about the school and their child 24/7. The new mobile version has made it even easier for parents to stay connected. Our teachers love being able to post newsletters, homework, and volunteer opportunities and have responses almost immediately. SchoolSpeak has really streamlined communication at St. Tim's! ”

 **GAYLE RENKEN**

Principal, St. Timothy's Lutheran School

“ SchoolSpeak is an excellent automated school data system. Parents are so happy with being able to track their children from their workplace. ”

 **MARTY CHARGIN**

Principal, Queen of Apostles School

“ From the first day we went live with our SchoolSpeak portal, it has been smooth sailing. The biggest asset to being a SchoolSpeak user is that we rarely, if ever, experience any technical or operating issues with the system. Our IT Director recently reported "SchoolSpeak is great I can call them in the morning with a request and know that it will be done before the end of the day, sometimes within hours". On a scale of 1 to 10 SchoolSpeak is hands down a 10! ”

 **STEPHANIE HOULIHAN**

Business Manager, St. Christopher School
